Ohio Aviation Association

# Membership Categories and Dues
*Effective 2024 Membership Year*

The membership year runs from January 1 through December 31. There is an unlimited number of individuals (or representatives) that may be added to any Airport, Business Partner and Aviation Education Program Membership, at no additional cost. Each representative will gain access to all membership benefits.

There are six main membership categories. Some membership categories have subcategories, as noted, and include:

### 1. Airport Member

This category is for airport sponsors and their management teams and/or boards. We offer subcategories for the Airport Membership and they are noted below. There is an unlimited number of airport employees that may be added to your membership, at no additional cost, with access to full membership benefits. Each Airport Member can have up to five (5) voting employees.

Airport Subcategory definitions:
   a. **Commercial Service Airport** - $2,888 (Airports that provide scheduled passenger airline service or commercial cargo service)
   b. **Commercial Service Airport/Multi** - $3,938 (Airport sponsors with multiple commercial/cargo airports)
   c. **General Aviation Airport Large** - $1,260 (includes those airports with significant infrastructure to support general aviation businesses)
   d. **General Aviation Airport 1** - $924 (includes those airports with >80 Based Aircraft)
   e. **General Aviation Airport 2** - $635 (includes those airports with 50-79 Based Aircraft)
   f. **General Aviation Airport 3** - $347 (includes those airports with 20-49 Based Aircraft)
   g. **General Aviation Airport 4** - $205 (includes those airports with <20 Based Aircraft)

### 2. Business Partner Member
The Business Partners are a vital part of aviation in Ohio. This membership category has two subcategories, as noted below. They too can have an unlimited number of employees added to their membership at no additional cost. The Business Partner Member subcategories are noted below. Consulting & Contractor Members can have up to five (5) voting members while Supply Chain/Small Business/Direct Service Members can have up to two (2) voting members.

   a. **Consulting and Contractors** - $1,155 (Consulting Firms and Contractors)

    b. **Supply Chain/Small Business/Direct Service** - $578 (FBO's, equipment suppliers, corporate flight departments, certified S/W/M-B, flying schools, flying clubs, building manufacturers, material providers)

## 3. Other Organizations

The Other Organizations category has two subcategories, as noted below. They too can have an unlimited number of employees added to their membership at no additional cost. State/Fed Organizations can have up to two (2) voting members. Non-Profit Categories can have up to one (1) voting member.

    a. **State/Local/Federal Organizations** - $578
    b. **Non-Profit Charitable Category** - $289 (501(c)(3) charitable organizations, museums)
    c. **Non-Profit Category** - $525 (501(c)(4) or 501(c)(6) organizations)

## 4. Aviation Education Program

This membership category is for those educational institutions that offer a collegiate degree or technical aviation program.  This can include technical high schools, trade schools, universities, colleges, etc. The representatives included in this category would be teachers, instructors, professors, deans, etc.  This member category can have an unlimited number of employees added to their membership at no additional cost. This member category can have up to two (2) voting members.

    Aviation Education Programs Category - $578

## 5. Student

This membership category is an individual membership only. It includes students from high school seniors through college pursuing an aviation degree or certification. This category does not have voting privileges.
