

# Henry County Airport (7W5)

## Runway 10-28 Pavement and Lighting Rehabilitation

### Project Overview

This \$1.95 million Federal Aviation Administration funded project included the rehabilitation of Runway 10-28's pavement and replacement of the existing electrical system. This included the installation of LED lights, signs, associated underground infrastructure, and a new electrical vault. The project also reduced the Runway width in the rehabilitation and repair of the pavement. Drainage conditions within the RSA were improved and new pavement markings were installed. The pavement rehabilitation and lighting improvement project will continue to encourage growth at Henry County Airport which provides an on-airport business, FBO services, and aircraft maintenance. Learn more about the airport at: <https://www.henrycountyohio.gov/167/Airport>

### Project Challenges:

With only one runway, efficient construction and phasing was crucial to get the airport back in operation quickly.

### Economic Impact:

Henry County's annual average economic impact provides 19 jobs with an output of \$1.8 million including on-airport, construction, visitor and supplier impacts.

### Future Projects:

- Apron Joint Sealant & Crack Repair
- Self-Service Fuel Farm
- Taxiway Rehabilitation
- Hangar Development

#### Funding Partner

The Federal Aviation Administration provides entitlement, discretionary, and supplemental funding for many of the projects required to increase safety, maintain infrastructure, and improve the capabilities of the nation's aviation system. The Airport Improvement Program, supplemental funding programs, and relief funding play a critical role in infrastructure development and operations.

#### Funding Partner

Support from the Ohio Department of Transportation Office of Aviation is critical to the success of Ohio Airports. Through direct (80%+) and matching grant (5%) programs ODOT provides much needed support of aviation infrastructure in Ohio. ODOT is also responsible for the protection of Ohio's Airspace for the safe and continued operation of airports in the state.

#### Advocacy Partner

The Ohio Aviation Association is **the voice for airports** that contribute to the economic vibrancy and well-being of Ohio, the birthplace of aviation.
